PROJECTS

University of the West Indies, St. Augustine, Trinidad and Tobago

Team Lead, SpotStats (Spotify Statistics Web-Application)

Spring 2021

- Led a team of 5 in building a Spotify statistics web app.
- Designed a user-friendly interface, increasing engagement by users.
- Managed collaboration through GitHub, improving team efficiency.

Florida Institute of Technology, Melbourne, FL

Project Manager, PantherFIT (React Native Mobile Application)

August 2024 - Present

- Led a team in building a gym app with real-time traffic tracking, personalized plans, and gamified badges.
- Managed project phases, ensuring on-time delivery and feature integration (Google OAuth, BestTime API).
- Coordinated agile sprints, driving efficient teamwork and development.

Developer, Soccer League Database (SQL Database System)

Fall 2023

- Designed and implemented a comprehensive SQL database system to efficiently manage player, team, match, and league data.
- Utilized complex SQL queries and triggers to streamline data manipulation and reporting, increasing reporting accuracy and reducing query execution time.

WORK EXPERIENCE

Residence Life, Florida Institute of Technology

August 2023 - Present

Resident Assistant

- Engineered multiple small-scale projects using Google Apps Script, actively deployed and in use by the organization to improve internal processes.
- Developed the "Calendar Invites Script," automating the process of creating calendar events and adding invites, resulting in a yearly productivity increase of approximately 20 hours.
- Mentored 70+ residents, offering personal and academic growth advice.

Clemente Center, Florida Institute of Technology

Facility Attendant

March 2024 – Present

- Managed sports equipment setup and facility upkeep, ensuring smooth operations.
- Facilitated customer service and check-in procedures for 100+ daily gym users

Student Success and Support Center, Florida Institute of Technology

August 2023 - Present

Peer Tutor.

- Led 30+ one-on-one tutoring sessions in computer science topics, helping students grasp advanced concepts such as data structures and algorithms

HONORS & AWARDS

- Upsilon Pi Epsilon Member (Honor Society of Computer Sciences).
- GoRTT Advanced Level Scholarship (Open) – Mathematics (2020).
- University of the West Indies Dean's List – Fall 2020, Spring 2021.
- Florida Institute of Technology Dean's List – Fall 2022, Spring 2023, Fall 2023, Spring 2024, Fall 2025
